**Umzimkhulu Local Municipality**  
**Adjustment Budget Speech – 26 February 2015**

To the Honourable Speaker, Deputy Mayor, EXCO members, Hon.Councillors, Amakhosi asendlunkulu, the Municipal Manager, Heads of Departments, municipal officials and members of the community.

It is my great pleasure, in my capacity as Mayor of Umzimkhulu Local Municipality, to present for review and approval, the adjustment budget for the 2014/2015 financial year. In terms of section 28(1) of the MFMA, a municipality may revise an approved annual budget through an adjustments budget. The MFMA prescribes a number of scenarios that may necessitate the approval of an adjustment budget. In the case of the UMzimkhulu 2014/2015 adjustment budget the main considerations necessitating revision of the approved budget are the unforeseen grants that have come to the municipality's attention during the course of the financial year instances, an increase of own revenue collection and also instances of over and under expenditure by departments in individual votes. In the main expenditure, is on track with most votes at over 50% expenditure at half-year, where there has been under-expenditure this was due to some votes being seasonal with expenditure only planned for the second-half of the year.

**REVENUE**

The municipality's own revenue has slightly increased with an amount of R 3, 692, 723 due to collection that has been above the anticipated budget. This amount includes the amount of R 1 million from Cogta for the award of best performing medium municipality in KZN. The 1million will be used for the pound fencing.

In respect of the operating grants the municipality has adjusted by R 5, 000 the rollover of IDP grant that was not fully spent in the year 2013/2014.

**CAPITAL GRANTS**

In respect of Capital Grants receipts, the municipality has received an amount of R8 million, from Cogta, in the form of a Small Town Development Grant to assist with the infrastructure of building Traffic offices. The municipality has also received an amount of R 3, 5 million from Cogta and R 3 million from Harry Gwala District in respect of Electrification for Gay brook connections. The municipality has adjusted its budget by R 10 million for the approved pledge of Integrated National Electrification Programme that will be received from DBSA for the implementation of Entsikeni phase3. The municipality has also adjusted its budget by R 2, 5 million that will be funded internally for Electrification to accelerate the Entsikeni phase 2.

**OPERATIONAL EXPENDITURE**

Salaries have increased by an amount of R3.3 million from R56, 9 million to R60, 2 million. The municipality has forecasted the upper limits for councilors by 6% by looking at the previous increase of 5% due to the fact that the upper limits are not yet released. It was also noted that there are new employees that have joined the medical aid schemes, which the municipality contributes 70%.

General expenses – The total approved budget was R71, 4 million and actual expenditure that has been incurred for the past seven months is R46, 7 million which is 65% overall budget, which means that some of the expenses will have to be minimized. This is due to higher than anticipated expenditure in respect of line items such as audit and accounting fees; subsistence and travelling; Electricity, Leases, Fuel and Oil, audio and video; and capacity building/consultants.

The total approved budget for repairs and maintenance was R12 million and the actual expenditure to date is R3, 9 million which is 32, 5%. The votes that have not been spent to date are repairs on streets, roads and signs; minor repairs on sport fields; repairs of Taxi Rank; and renovation of public toilets. This is mainly as a result of planning related issues. Thus repairs on these assets will commence in the second half of the year. The back to basic programme is mainly but not limited to, directed to repairs and maintenance. In responding positively to this call by our President, we should strive to improve on our repairs and maintenance spending and ensure that we keep our infrastructure in good usable condition and improve on our turnaround time in addressing prevailed bad conditions and on services delivered to the people. We need to refocus on forward planning as a way of directly addressing this problem of under spending on repairs and maintenance. This is not only directed to maintenance, but even to other projects. This, I think we can do by having all preliminary activities prior start of repairs and maintenance project, done, even before budget approval, so that projects start exactly when the year starts.

The total budget for Contribution to Capital Outlay was R6, 7 million and the actual spending to date is R1,4 million which is 21%. This is also due to the fact that most of the votes under Contribution to Capital Outlay and Special Programs are seasonal as per need at that time.

The overall performance on financial management in all departments has shown a significant improvement which is evident on operational expenses. On projects we still need to improve a lot in order to be in a position to reach the required targets. Turn-around action plan had been developed by infrastructure in order to accelerate the expenditure on grants and we are optimistic that we will achieve 100% expenditure by the end of financial year.

Ladies and gentlemen, may I take this opportunity to thank you for your attentiveness and your contribution in the ongoing development of Umzimkhulu

Thank you

**The Honourable Mayor**  
**Cllr. M. B. Mpabanga**
